QUIANA PARKS

B I O

DJ, Visionary Artist, Creative Force and Cancer Survivor, Quiana Parks, wraps her talents around what her fan base characterizes as a personable spirit that has the uncanny ability to bridge the gap between "underground cool" and mainstream industry. DJ Quiana Parks captivates audiences with her passion and talent for mixing, unique mash-up classics of disco, hip-hop/r&b and electronic dance with an infusion of pop.

Her victorious battle with Cancer in 2005 empowered Quiana to believe in herself despite the obstacles that came her way. Parks is defined as someone who has "always been a leader, never a follower."

Quiana's well sought-after DJing skills garnered her some of NYC's most prominent brands as clients including: GreenHouse NYC, Adidas, Ciroc, Reebok, Universal Records, The Raven, Redbull and more. Serving as DJ Kiss' official event opener, Quiana Parks has had the pleasure of playing for prestigious companies such as The New York Giants, Mister H, Catch, Avenue, ASPCA, Ralph Lauren and The Fashion Bomb Daily.

Quiana has positioned herself as a rarity in an over-saturated industry filled with "gimmick act" DJ's. Her influential visual and music style intertwined with an independent "punkish no-holds barred" attitude has raised eyebrows, pulses and hands in clubs across the nation.
